Protecting What's Important
FOR OVER 65 YEARS

Life is unpredictable.

FireKing® specializes in “unpredictable.”

For over 65 years, FireKing® has been providing high-quality products designed to protect your company's vital business records. FireKing® offers a broad array of products that are manufactured or created using the most innovative, advanced product development technology available.

A Family of Features

Disaster strikes in many forms. Fire. Water. Impact. Which is why FireKing® utilizes an arsenal of safeguards to secure critical and valuable items against devastation.

Use these icons to guide you to the FireKing® products that will best suit your needs.

FIRE RATED PRODUCTS

An unforeseen disaster can do serious damage to irreplaceable documents.

Whether you're securing business-related items or protecting your most precious personal items, FireKing® is the solution to trust. Be prepared before disasters happen!

FIRE RATED

File Features

FIRE RESISTANT INSULATION
Gypsum insulation that is reinforced by heavy gauge lattice providing peace of mind from fire and impact.

WATER RESISTANT
All FireKing® files are designed to prevent water damage resulting from sprinklers and fire hoses. Vertical Classic files are ETL verified and have a fire-retardant silicone gasket around drawer for added protection.

STEEL PANELS
In the event that a panel is damaged, it can be easily replaced.

FINISH
Environmentally friendly electrostatic powder coating applied to all sides, including bottom.

DRAWER BODIES
High drawer sides accommodate hanging folders.

DRAWER SUSPENSIONS
Maintenance free, lifetime guarantee.

DRAWER LOCKS
All the files provide general locking through either a standard key lock or UL® listed, high security locks.

DRAWER PULLS
Available with surface mounted or recessed handles depending on model.

INSULATION BETWEEN ALL DRAWERS
Makes each drawer a separate insulated container.

TWO POSITION DRAWER CATCH
Allows access to certain drawers while others remain locked. (not available on the Patriot files)

Cabinet Colors

Every color tells a story, and FireKing® offers those preferred by today's office designers and decorators. Custom colors are also available (an upcharge may apply).

Turtle® Files available in Arctic White, Black Stone, and Parchment only.

Patriot by FireKing® Files available in Parchment and Black only.

FireShield® available in Black Stone and Diamond Stone only.

To aid your selection, your FireKing® dealer will be glad to show you color charts.

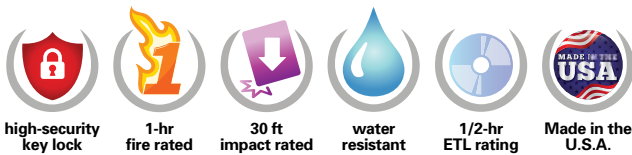

Colors samples are not an exact match.
Please contact Customer Service if matching a specific color.

NEW PEDESTAL CABINET

Fire-Rated and Flexible, Built for Modern Offices

FIRST FIRE-RATED MOBILE PEDESTAL

Modern and WFH offices demand flexible storage options with smaller footprints. As such, we've seen the rise in popularity of the pedestal style file cabinet with wheels for easy movement and height for under-desk storage. FireKing saw this need and combined all the benefits of a pedestal with its best-in-class fire-ratings.

INDUSTRY BEST FIRE-RATED STORAGE NOW IN A PEDESTAL

Flexible

The FireKing Mobile Pedestal line offers flexible storage with a catchall drawer, flexible seating with heavy-duty caster wheels and cushion compatibility, a 25 1/4" height to fit under most desks, and maintains a 1-Hour or 30-Minute fire-rating.

Fits

Fire-Rated

- ✓ 1-Hour Fire Rating
- ✓ Easy to move on caster wheels

Accessories (File Cabinets)

You have many options to customize your FireKing® cabinets. You can add security features as well as accessories that will help you tailor your cabinet to your document types.

Note: Some accessories and options may not be available on certain Filing Cabinets.

- ◀ **Casters**
Make your FireKing® file cabinet portable with a castor base.

- ◀ **Cross Tray**
Cross trays sit horizontally or vertically across a standard file drawer and are great for storing small items, cards, checks, etc.

- ◀ **Inner Drawer**
The inner drawer accessory fits inside standard file drawers and comes complete with glide rails for smooth operation. Factory installed.

- ◀ **Document Inserts**
Opt for document inserts and provide a convenient way to file various nonstandard size documents, a top inner drawer (factory installed) or section inserts with 1 to 6 sections.

- ◀ **File Lock Options**
Electronic locks are available for most FireKing® file cabinets. Specify one e-lock for the cabinet or order your file with e-locks on each drawer. (Not available on Turtle®, Patriot by FireKing® Files or FireShield®.)

Accessories (Storage Cabinets)

You have many options to customize your storage cabinets. You can add accessories that will help you tailor your cabinet to meet your needs.

- ◀ **Letter Size End Tab Filing**
Store end tab files with adjustable and modular end tab filing shelves for easy, at a glance records archiving.

- ◀ **File Drawer**
Our modular file drawer comes in either a legal configuration, storing two rows of legal size folders side by side, or letter configuration, holding letter size folders in a single row.

- ◀ **Pull Out Shelf**
Create a convenient tabletop workspace in seconds with the pull out tray. It's sturdy enough to act as a writing surface, and discreet enough to slide out of the way when not in use.

- ◀ **Blueprint Holder**
Organize, store and access blueprints quickly with this convenient accessory. Blueprints are stored unfurled and upright so that designs and schematics are stored for easy access and protection.

All FireKing filing cabinets are manufactured in New Albany, Indiana, USA.

SAFETY RATINGS

ISO CERTIFICATION

FireKing® is ISO 9001:2015 certified for the manufacture, design and distribution of fireproof filing cabinets including sales and distribution of safes.

UL® 1/2-HOUR FIRE RATING

Underwriter Laboratories® (UL®) tested to maintain an interior temperature less than 350° F when exposed to a fire for 1/2 hour to 1550° F. Examinations are to be made as to the heat insulating properties of the sample as evidenced by the usability of the contents.

UL® 1-HOUR FIRE RATING

Underwriter Laboratories® (UL®) tested to maintain an interior temperature less than 350° F when exposed to a fire for 1 hour to 1700° F. Examinations are to be made as to the heat insulating properties of the sample as evidenced by the usability of the paper contents.

UL® 2-HOUR FIRE RATING

Underwriter Laboratories® (UL®) tested to maintain an interior temperature less than 350° F when exposed to a fire for 2 hour to 1850° F. Examinations are to be made as to the heat insulating properties of the sample as evidenced by the usability of the paper contents.

1/2-HOUR FIRE RATING

Tested to maintain an interior temperature less than 350° F when exposed to a fire for 1/2 hour.

1-HOUR FIRE RATING

Tested to maintain an interior temperature less than 350° F when exposed to a fire for 1 hour.

2-HOUR FIRE RATING

Tested to maintain an interior temperature less than 350° F when exposed to a fire for 2 hour.

UL® 1 HOUR 125 MEDIA RATINGS

Underwriters Laboratories® (UL®) tested to maintain an interior temperature less than 125° F when exposed to a fire for 1 hour to 1700° F. The interior of the unit will have a humidity level of less than 80%. Examinations are to be made as to the heat insulating properties of the sample as evidenced by the usability of the contents.

UL® 2-HOUR 125 MEDIA RATINGS

Underwriters Laboratories® (UL®) tested to maintain an interior temperature less than 125° F when exposed to a fire for 2 hour to 1850° F. The interior of the unit will have a humidity level of less than 80%. Examinations are to be made as to the heat insulating properties of the sample as evidenced by the usability of the contents.

UL® 3 HOUR 125 MEDIA RATINGS

Underwriters Laboratories® (UL®) tested to maintain an interior temperature less than 125° F when exposed to a fire for 3 hour to 1925° F. The interior of the unit will have a humidity level of less than 80%. Examinations are to be made as to the heat insulating properties of the sample as evidenced by the usability of the contents.

ETL ELECTRONIC MEDIA - 30 MIN

Intertek test for fire tested for 30 minutes up to 1550° F. Examinations are to be made as to the heat insulating properties of the sample as evidence by the usability of the electronic media.

ETL WATER RESISTANT

Unit is protected when exposed to sprinkler spray. Examinations are made as to the moisture content within the unit.

WATER RESISTANT

Designed to prevent water damage resulting from sprinklers and fire hoses.

UL® 30 FOOT IMPACT RATINGS

Underwriter Laboratories® (UL®) tested immediately following the fire test, the unit is removed from the furnace and dropped 30' onto a riprap of brick on a heavy concrete base. The unit is then inverted and reheated for at least 30 minutes to 1550° F or more.

2000° EXPLOSION HAZARD RATINGS

Underwriter Laboratories® (UL®) tested. The oven is heated to 2000° F, the unit is placed in the heated oven and kept in for at least 30 minutes. Examinations are to be made as to the heat insulating properties of the sample as evidenced by the usability of the paper contents.

UL® HIGH SECURITY KEYLOCK

Underwriter Laboratories® (UL®) listed to resist picking and drilling, and keys cannot be duplicated except through FireKing. This means access to your vital records is limited to authorized key holders only.

UL® RSC BURGLARY RATING

A Residential Security Container (RSC) is tested to withstand five full minutes of rigorous prying, drilling, punching, chiseling, and tampering attacks by UL technicians.

THEFT RESISTANT

Designed to protect against theft.

**Whatever your protection needs,
FireKing® has a solution.
The things that matter the most deserve
the best protection money can buy.**
